You must answer all three questions, using a maximum of 1 000 characters (including spaces) per answer.

What components of your chosen programme made you decide to apply? Why are these attractive to you?

We believe that the quality of an academic programme is partly dependent on the participating students. How will your participation contribute to your field of study?

What do you hope to gain from your studies at Malmö University and how do you envisage the programme's effect on your future career?
